A wide selection to choose from:

STANDARD ALUMINUM: Outstanding quality from 7075-T6 aerospace quality aluminum produced by smelters right here in the U.S. with a standard satin finish. These sprockets are machined to exact specs with tolerances 7 times greater than that of O.E. for concentricity. Our tooth range is 18 – 76 + so we can accommodate most gearing needs. These are **made in the U.S.A.** All sprockets are packaged.

Options

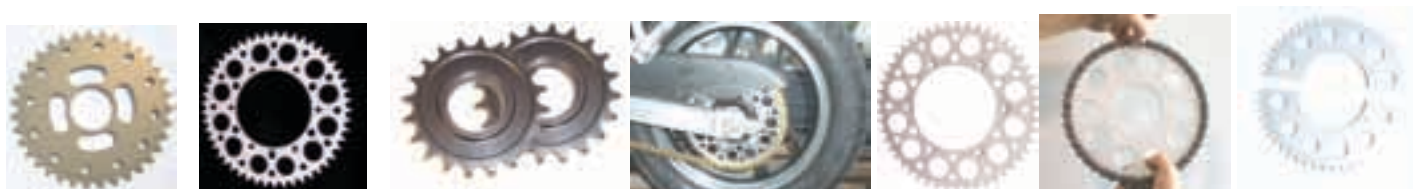

Hardcoat: Hard anodized treatment this is a neat feature that adds up to two times the life of a standard aluminum. Please allow allotments of 50 pieces.

R-Groove: Radial grooving for better mud cleaning.

Xtra Lite: Adds additional lightening holes for that "trick look" and reduces "unsprung weight"

Steel Front Sprockets: These are American made from high quality steel, with a tooth range from 9-27; all are heat treated for longevity. Most front sprockets are P.B.I brand.

Chains: We carry RK, EK, DID brands.

Terms: All orders are shipped United Parcel Service credit card or COD Company check ok. Return checks will be charged \$20.00 and accounts will be put on Cash in advanced or credit card only status.

Warranty: All sprockets made by REBEL GEARS LLC are guaranteed against defects in materials and workmanship. If any defects are found, credit will be issued or replacement given at our option. Rebel Gears makes no other warranty of any kind, whether expressed or implied. This warranty does not cover any damages due to misuse, neglect, or accident. Buyer assumes risks for any and all damages caused to himself or third party, by virtue of failure of these parts.
