---------------	--	--	---------

Just like the original CHAIN KOTE,
but in a clear formula. An excellent lubricant designed especially for roller chains.
The light penetrating lubricant thickens right after application,
and will not be thrown off even at racing speeds. It also lubes and protects O-Rings.
It will not wash off in rain, but can easily be removed with CONTACT CLEANER

---------------	--	--	---------

Just like the original CHAIN KOTE,
but in a clear formula. An excellent lubricant designed especially for roller chains.
The light penetrating lubricant thickens right after application,
and will not be thrown off even at racing speeds. It also lubes and protects O-Rings.
It will not wash off in rain, but can easily be removed with CONTACT CLEANER

---------------	--	--	---------

Just like the original CHAIN KOTE,
but in a clear formula. An excellent lubricant designed especially for roller chains.
The light penetrating lubricant thickens right after application,
and will not be thrown off even at racing speeds. It also lubes and protects O-Rings.
It will not wash off in rain, but can easily be removed with CONTACT CLEANER

---------------	--	--	---------

Just like the original CHAIN KOTE,
but in a clear formula. An excellent lubricant designed especially for roller chains.
The light penetrating lubricant thickens right after application,
and will not be thrown off even at racing speeds. It also lubes and protects O-Rings.
It will not wash off in rain, but can easily be removed with CONTACT CLEANER

---------------	--	--	---------

Just like the original CHAIN KOTE,
but in a clear formula. An excellent lubricant designed especially for roller chains.
The light penetrating lubricant thickens right after application,
and will not be thrown off even at racing speeds. It also lubes and protects O-Rings.
It will not wash off in rain, but can easily be removed with CONTACT CLEANER

---------------	--	--	---------

Just like the original CHAIN KOTE,
but in a clear formula. An excellent lubricant designed especially for roller chains.
The light penetrating lubricant thickens right after application,
and will not be thrown off even at racing speeds. It also lubes and protects O-Rings.
It will not wash off in rain, but can easily be removed with CONTACT CLEANER
